Catawba, SC 29704

EAT BETTER
LIVE BETTER NATURALLY.
For better nutrition and health, grind 100% whole grain flour at home. Bread, rolls, cookies and cake taste the way they used to—with all the vitamins, minerals and natural nutrients. Lee Electric Stone Grind Mills run on both AC and DC power. These mills are people-proven by over 30 years of use. Adjustable and Fine Grind are models available. Prices start at $175.

A Hot Stove is Not Enough

Put Heat in the Room...Not Up the Flue

Most stoves have to burn hotter, trying to keep you warm—because the heat goes up the flue.

Bullard is Different

The Bullard Hollow Baffle system (we call Firepower) catches the heat before it can go up the flue and then blows it into the room.

See your Bullard dealer for more information.

the Falcon Model—
heats up to 2000 sq. ft.
(Shown with optional glass door.)

Bullard
